Egyptian citizens must scan a copy of their ID and passport and send to our office no less than 14 days prior to arrival for port clearance. Israeli citizens are required to submit/upload a copy of their passport 30 days prior to the charter departure date.

**Required Diving Medical:** The Government of Egypt has recently begun enforcing regulations that requires all dive operations to obtain (certified and non-certified) a Diving Medical History form before allowing anybody to participate in recreational diving activities. The universal RSTC Medical History Questionnaire is acceptable.

If you answer YES to any of the medical questions, you will need to visit with your local medical professional for an examination and obtain their approval (via their signature) before participating in recreational diving. A positive reason simply means that there is a preexisting condition that may affect your safety while diving and you must seek the advice and approval of a medical professional before engaging in diving activities.

**PLEASE BRING A COMPLETED COPY OF THIS FORM WITH YOU TO THE YACHT.** In some countries, divers are required to have a medical exam every year. If you already have a signed medical for recreational diving (that may use a different form), dated less than 12 months from the date of your upcoming trip, then that will be acceptable as well. If you do not bring a completed copy of this form with you to the yacht, you will be required to complete it onboard. However, be advised, that there are no medical facilities available nearby that can provide a medical consultation if needed. We strongly recommend that everyone take a moment to review and complete this form now - before your travels. *The link will be emailed to you 60 days prior to departure or, you can print it by going to [www.aggressor.com/RSTCMedical.pdf](http://www.aggressor.com/RSTCMedical.pdf)*

## **AIRLINE TRAVEL & CHECKED BAGS TO EGYPT**

Check with your airline or airlines (if traveling with more than one carrier) regarding luggage allowances, limitations and overage fees. Some airlines have seasonal restrictions to certain destinations that may limit guests to one checked bag or a maximum weight of all checked bags and prohibit extra pieces or over weight pieces. Paper copies of airline tickets should be hand carried, as some Egyptian airports still require these with confirmation numbers.

## **PASSPORTS & DOCUMENTATION**

All travelers must have a passport valid for at least six (6) months beyond their period of stay, adequate funds to support themselves, and a return airline ticket when traveling. It is the traveler's responsibility to ensure they have the correct documentation for entry into each country on their itinerary, including any visas required, as well as documentation for re-entry to their home country.

Visa and entry requirements vary by destination and are subject to change. Travelers should check with the appropriate consulate or embassy of each country they plan to visit. U.S. citizens may refer to the U.S. Department of State website at [www.travel.state.gov](http://www.travel.state.gov) for passport and visa information, including requirements for children and consulate contacts by country. International travelers should consult the equivalent agency or foreign affairs office in their own country for destination-specific travel requirements and re-entry regulations.

A useful resource for checking current travel, visa, and health requirements is the [IATA Travel Centre](http://www.ata-travel.com).

Please note: There are specific requirements for children departing the United States, and many countries have adopted similar measures for child protection. The Reservation Office and staff cannot assume responsibility for passengers who do not have the correct documentation.

## **C-CARDS**

Remember to bring your c-card or proof of certification. The dive master requires proof of certification before the first dive. If you are a repeat guest, you are automatically enrolled in the Travel the World Club and will receive on board discounts. Your membership is indicated on the Captain's rooming list.

## **GUEST INFORMATION SYSTEM (GIS)**

The Reservations Office and the Red Sea Aggressor V require each guest to complete the Guest Information System (GIS) and Waiver a minimum of 14 days prior to departure and boarding. The GIS allows guests to interactively complete all required paperwork that includes the application/waiver, special requests and travel information. If you haven't received a link to access the GIS, please contact an Aggressor agent. Passengers who fail to complete the GIS prior to boarding will be denied boarding. Many Aggressor destinations require passenger information for itinerary approval.

## **INSURANCE**

We strongly recommend each guest purchase a CFAR (cancel for any reason) insurance policy and Liveboard Rider. To learn more about these policies; visit [www.aggressor.com](http://www.aggressor.com) and go to 'Insurance'.

## **HEALTH**

The Red Sea Aggressor V has a first aid kit onboard, including oxygen and an AED. You may want to bring motion sickness medication if you feel you will need it. We suggest you bring over-the-counter motion sickness medication or consult your doctor about prescription brands, such as the trans-dermal patch or Scopace tablets. Currents and winds may cause moderate movement of the yacht at times. We recommend a complete physical before your trip. The nearest recompression chamber is Marsa Alam Hyperbolic Chamber 132 Kilometers from Port Hamata

The Red Sea Aggressor V and their staff are unable to accept any medication brought onboard for safekeeping including those that require refrigeration. Should a guest have a medication requiring temperature control, they will need to travel with a travel cooling case or small storage cooler with several blue ice packets. The staff will be happy to store and recharge the blue ice but are unable to accept possession or responsibility for the proper care and storage of medication. This should be kept in the stateroom. There is **NO smoking allowed anywhere inside the boat or on the dive deck**. Smoking is only permitted on the rear of the sun deck.

## VOLTAGE ABOARD THE YACHT

The voltage aboard the yacht is 220v and the plug sockets around the boat will accept American plugs. You should bring a voltage adaptor. Most electrical devices are either 110 or 240 volts (look on your cable on the charger that plugs into the wall to verify).

## INTERNET/EMAIL/PHONE

Wi-fi is only available when the yacht is at port. Email and satellite phone are not available onboard.

## FOOD

The menu aboard is varied and plentiful, with a variety of Egyptian feasts and local cuisine. If you have any special dietary requirements, please add this to your reservation through the GIS and speak to the yacht chef once onboard so he/she can adequately prepare to meet your needs. You will wake up to fresh fruits, hot entrees, cereals and juices. Lunches feature hot soups, homemade breads, salads and sandwiches and/or entrees. Dinners are chef prepared and served each evening and include salads, vegetables, seafood, beef or chicken with a fresh homemade dessert. Certain special dietary and beverage requests may not be available due to the remote nature of this location so we highly recommend you bring these items with you. (pork is not available)

## BEVERAGES

The Aggressor's selection includes fruit juices, soft drinks, iced water, iced tea, coffee, and a limited selection of local beer and wine, which are complimentary. We suggest you purchase your favorite liquor (s) from the duty-free shop at the airport prior to departing to Egypt. Drinking and diving do not mix. Once you consume alcohol, you become a sunbather until the next day.

## CLOTHING

Please plan to travel light, as on all live-aboard dive yachts, space is limited. We recommend that you pack your gear in soft luggage such as a duffel bag for easy stowage and to add to your comfort in your cabin. Clothing should be lightweight, comfortable sportswear and swimsuits are a must. A light sweater or jacket is ideal for evenings. Dress is always casual and informal. Additional items you may want to bring are sunscreen, sunglasses, a hat and walking shoes for your time on shore.

## ENTERTAINMENT

There is a variety of nightly entertainment, including diving, marine life identification presentations, movies, games and more. We have a selection of 1000 classic and new release movies and TV shows that can be viewed in the boats salon or taken to your cabin to watch. However, if you have a favorite movie, digital slide show or a video to share, we encourage you to bring it along. A small library of books for exchange is maintained onboard as well as marine life identification books for reference.

Whether it's your anniversary, birthday, honeymoon, wedding or you are celebrating a 100<sup>th</sup> dive; please let us know so the staff can celebrate your occasion. Kindly advise the US office prior to traveling so the staff is notified in advance.

## DIVING CONDITIONS

You'll be diving in water that averages 74°- 84° degrees or 23°- 29° C. Most guests make as many as 4 to 5 dives each day, so some sort of protection is needed. A 3mm wetsuit in the summer and 5mm in winter should be comfortable and adequate. We suggest divers bring safety items such as a Dive Alert, Safety Sausage, Nautilus Lifeline (Nautilus Lifelines available onboard for free) and any other safety items you feel necessary. Dive computers are mandatory so please bring yours or complete the dive computer rental form in the GIS.

Please note that the safety sausage (SMB) and reel are mandatory. You can rent the set for \$20 per week or purchase the set on the yacht for \$65 if you do not have your own.

## DIVING

The staff of the Red Sea Aggressor V, with their unique combination of talents, offers the ultimate in service. While onboard you may pick a buddy of your choice. There is ample storage space for your diving equipment. The Red Sea Aggressor V offers 12-liter aluminum tanks, weight belts, and weights and has both K-valves (American type), and DIN (International) valves.

There are two itineraries to choose from in the Red Sea Deep South. The island itinerary to the **Rocky & Zabargad Islands** consists of 60% drift diving from the Red Sea Aggressor V's two 7.5 meter/24 ft. long skiffs. They are each capable of carrying up to 13 guests for quick access to even the most remote dive sites. The other 40% of dives are from the back of the mother yacht. Guests may dive up to 3-5 dives per day on this itinerary.

The **Elba Reef** itinerary has a mixture of 70% drift diving from the skiffs and protected coral reef and 30% swim throughs or protected reef diving from the back of the mothership. In between dives, you may snorkel, or just relax with a cold drink and mid-morning/mid afternoon snack. Guests may dive up to 3-5 dives per day including night diving when possible. *(subject to change due to weather conditions)*

We suggest you pack the following: mask, fins, snorkel, and regulator with visible pressure gauge, depth gauge, dive computer, and buoyancy compensator. Strongly recommended: Spare mask, a dive watch, dive light, safety sausage with 20 feet of line, whistle, Dive Alert, mirror and/or other safety devices. Each piece of gear should be marked with waterproof paint or tape. Please see our "Adventure Log" on our website for current diving conditions.

- Drones and DPV's are not allowed in Egypt.
- Diving amenities include the offer of unlimited Nitrox which is \$100 7-nights.
- Spear guns, Hawaiian slings or collecting of any kind are not permitted.

## **DIVING SUPERVISION**

We understand that diving is not just an activity; it's a passion for exploring our underwater world. That's why we empower you and your buddy to take charge of your diving experience. While in the water, you and your buddy are in charge. Every dive begins with a comprehensive briefing from our experienced staff, providing you with the necessary information. As certified divers, you and your buddy are responsible for planning and conducting your dives while respecting the limits of your experience and those set by the briefing and your certification agency. We do not directly supervise divers; each buddy team manages their own dive.

In the Red Sea, dives are conducted from a tender or from the back of the main yacht. When diving is directly off the yacht, at least one staff member will be in the water offering support, underwater photography and videography, and critter spotting services. On select dive sites, a staff member may assist a group in finding specific points of interest.

When diving from a tender, a staff member will accompany each tender group and be in the water to offer assistance and ensure the group stays together. If a buddy team needs to surface early, the entire group is not required to abort the dive and follow. The buddy team should follow the briefing and their training procedures for surfacing from a dive and signal the tender driver that everything is OK once on the surface. Once the dive time expires (per the briefing), the staff member will organize the remaining buddy teams to surface together for pickup by the tender.

## **GREEN THE FLEET**

Contribute to our Green The Fleet sustainability initiatives. Here are a few reminders:

- Avoid traveling with single-use plastics.
- Remove packaging from any new purchases before traveling.
- Travel with a refillable water bottle for hydration.
- Use rechargeable batteries.
- Use an environmentally safe sunscreen.
- Be environmentally conscious in everything you do.

## **RENTAL DIVE EQUIPMENT**

A full line of rental gear is available aboard including regulators, BCDs, Dive Computers, and Night Lights. If any of your dive equipment fails while onboard, the staff will loan you equipment free of charge.

We strongly recommend bringing your own wetsuit to ensure optimal comfort and thermal protection during your dives. This destination does offer rental wetsuits. The storage space on the liveaboard is limited, meaning we can not hold / stock wetsuits on board. Since wetsuit fit is highly individual and crucial for both comfort and warmth, bringing your personal wetsuit will provide the best diving experience. Other rental equipment is readily available,

but the unique nature of wetsuit sizing makes this piece particularly important to bring along.

If you cannot bring your own wetsuit or rent a wetsuit to bring with you, you can rent a wetsuit from local dive shops in Port Ghalib by arriving at Marsa Alam early before catching the shuttle bus or if your traveling on the shuttle bus from Hurghada the bus will stop in Port Ghalib for 1 hour for you to rent from the local dive shops.

## **CERTIFICATION & SPECIALTY COURSES**

Further your education while onboard an Aggressor yacht! The following courses are offered onboard: SSI Adventurer Course or the PADI equivalent Advanced Open Water Diver Course, and SSI or PADI Enriched Air / Nitrox Courses. Course fees are payable once onboard and the instructor confirms the course. The training agency utilized to provide your course will vary based on your instructor's affiliations.

## **PHOTO/VIDEO/DIVE EQUIPMENT**

The Red Sea Aggressor V offers photography coaching while onboard. The Red Sea Aggressor V has a charging station and a large camera table available for your camera and video equipment. The Video Professional can capture your diving adventure onboard the Red Sea Aggressor V to share with family and friends. The video of the week (includes all guests and staff) is \$65 US. *Please refer to Aggressors web site, [www.aggessor.com](http://www.aggessor.com) for detailed information and costs of dive equipment rentals, certification courses, and large tanks.*

## **SHIPS BOUTIQUE & CREDIT CARDS**

There is a mini-boutique onboard with assorted t-shirts, and miscellaneous items. Your bill for onboard services and boutique items will be settled on the last day of diving. After returning home if you still want boutique items, please visit the Aggressor online boutique at [www.aggessor.com](http://www.aggessor.com).

## **GRATUITIES**

Staff gratuities are not included in the charter. We believe gratuities should be voluntary and based upon the quality of service the staff has provided. When settling your account, the Captain will have an envelope for gratuities that will be divided equally among the staff. Payment can be made by cash (USD, Euros, English pounds or EGP - Egyptian pounds), Visa/MasterCard.

## **FRIDAY**

The Red Sea Aggressor V returns to Port Hamata Friday afternoon between 2 – 4 pm. A sunset cocktail party and dinner will be held onboard.

## **CHECKOUT SATURDAY MORNING**

Checkout time is at 8:00 am Saturday morning.

## **ADVENTURE LOGS**
